Shariff's school organised a clean-up campaign recently in order to beautify the school and make pupils more aware of the need to stop littering in school. The campaign involved all the pupils, teachers and office staff.

One of the things that everyone was asked to do was to bring their own plastic bag to school. Instead of throwing their rubbish everywhere, everyone was asked to put their rubbish into their own bag and to take that rubbish home to dispose of. This was to make the pupils more responsible for their own actions.

The school also organised a poster-drawing contest to encourage pupils to think of ideas to keep their school clean. All the posters were put up all over the school to remind pupils to keep their school clean. It was a successful campaign and the school plans to continue with it.
